

Camellia GROVE

K O M B U C H A

PURE FERMENTED TEA

We believe less is more when it comes to great taste. Camellia Grove Kombucha is simply brewed with organic tea, cane sugar, and live cultures — that's it!

NO ADDED SUGAR

We simply use organic cane sugar for the fermentation process. We then don't do a secondary fermentation or add any sugar for flavoring or sweetness — giving us consistently low sugar.

TEA-FORWARD FLAVORS

Instead of adding flavors, we highlight the natural aromatics in different organic teas. With tea being the largest consumed beverage in the world, we appeal to our fellow tea lovers.

ONE-YEAR SHELF LIFE

In filtering our product and not conducting a secondary fermentation, we can produce a raw Kombucha with a one-year shelf life that still has the benefits of live cultures.
