

PURE FERMENTED TEA

We believe less is more when it comes to great taste. Camellia Grove Kombucha is simply brewed with organic tea, cane sugar, and live cultures — that's it!

NO ADDED SUGAR

We simply use organic cane sugar for the fermentation process. We then don't do a secondary fermentation nor add any sugar for flavoring or sweetness — giving us consistently low sugar.

TEA-FORWARD FLAVORS

In lieu of adding flavors or juices, we highlight the natural aromatics in different organic teas. With tea being the largest consumed beverage in the world, we appeal to our fellow tea lovers.

ONE-YEAR SHELF LIFE

In filtering our product and not conducting a secondary fermentation, we can produce a raw Kombucha with a one-year shelf life that still has the benefits of live cultures.

SUSTAINABILITY FOCUS

From our packaging and ingredients to our brewing process, we're committed to minimizing our carbon footprint and prioritizing materials that benefit our planet. We're proud to source organic ingredients, including regenerative sugar.

TEA-FORWARD FLAVORS

GREEN

Grassy, vegetal aroma with hints of seaweed, sweet & mild.

Willamette Week's Blind Taste Test Winner!

OOLONG

Earthy and complex, roasted aroma with hints of fruit & honey.

A 2023 Good Food Awards Winner!

JASMINE

Delicate, floral aroma of Jasmine. Tastes like sunshine.

A 2023 Good Food Awards Winner!

ROOIBOS

Full bodied, earthy aroma with hints of cinnamon & nutmeg.

A 2021 Good Food Awards Winner!

MEADOW

Floral aroma with notes of chamomile, rose, and linden flowers.

A 2023 Good Food Awards Finalist!

MATÉ

Our newest flavor using Yerba Maté!

Herbaceous, earthy aroma with hints of caramel and smoke.

CHAI

Our collab with Kinglet Tea! Aromatic clove, cardamom, and cinnamon with spicy notes of black pepper and ginger. Perfect for sweater weather!
